I wish the Blessing of God for you all, thanks for Jesus Christ and the God

I wish the blessing of God for you all, thanks for Jesus Christ and name of God. With a biggest of happiness and the hope in our church to receive a letter from you. It's very wonderful to see lots of Christ believing signature, and its makes our Christ believing to wake up our hope and willing the work together. Here you are any information about our church

There are many young and children in our church and may be around 80% of Christ believing.

We have eight church to pray, and it's very difficult for us to visit them one by one , it's about 30km the distance between the church and it goes on foot. We have any school but it's not well done. We want to do a biggest of church, the roof is already finished, and during the 4 years we want to improve it. In fact we want to visit in your place but we have not a possibility. So need the visit from you even if the one of them to came here, so that we want to go together one by one in our church.

We should have a guide to translated your language in order to teach the word of God. We want to visit for you all and willing to teach the word of God but unfortunately, we are not able to speak your language. If I have seen your postal card, we want to have a church like yours. In the one hand and other hand we have much trouble to keep on of teaching the word of God such as lack of money. But we trust on you all to come here in my church to visit us.

So I wish the blessing of God for you all, and say the good bye of Jesus Christ name
